

Trigon Closes Acquisition of Copper King Extension at Kombat in Namibia

TORONTO, June 13, 2023 – Trigon Metals Inc. (TSX-V: TM, OTCQB: PNTZF) (“Trigon” or the “Company”) is pleased to announce that it has closed the acquisition of exclusive prospecting licence 8529 (“EPL 8529” or the “Licence”) referred to as the Copper King Extension, as announced on January 30, 2023, which significantly expands its land holding in Namibia. The Licence surrounds Trigon’s Kombat and Gross Otavi projects in the Otavi Mountainland, a region associated with high grade copper and silver mineralization.

EPL 8529 is situated on the Kombat trend, the mineralized structure on which the Kombat project is located and covers an area of 5,614 hectares in the Grootfontein District of the Otjozondjupa Region, between the towns of Otavi to the west and Grootfontein to the east.

From a geological perspective, the Licence represents a potential strike extension of the Kombat project, with various known mineral occurrences on the property. Trigon management has extensive knowledge of the area and plans to implement an exploration program in conjunction with its ongoing exploration work on the Kombat project areas.

On June 5, 2023, Trigon received confirmation from the Ministry of Mines and Energy in Namibia, that the Minister had approved the transfer of the Licence from the seller, Otjiwa

Mining and Prospecting CC, to Trigon with effect from May 24, 2023. This was the final outstanding condition for the closing of the acquisition.

The purchase consideration for the Licence comprises a cash price of N\$1,750,000 (approximately C\$122,556) and the issuance of 84,129 Trigon common shares to the vendor. The Trigon shares are subject to a four-month statutory hold period.

The transaction is an arm's length transaction for the purposes of the policies of the TSX Venture Exchange (the "TSXV") and the transaction qualifies as an "Expedited Acquisition" under TSXV Policy 5.3.

EPL 8529 is valid for a period of three years from November 9, 2022 to November 8, 2025.

Jed Richardson, President & CEO of Trigon Metals, commented, "Drill exploration of targets on the Copper King Extension will start in the coming weeks. The large number of copper showings fuel our expectations for new discoveries along the 35km of strikelength."
